

CleanMed 2006

Poster Session Overview

The **CleanMed 2006 Poster Session Exhibit** for Architecture and Environmental Health is an opportunity to showcase your green building project. It will help inform others about the health and operational benefits of Green Design.

Please target your presentations to healthcare executives and design professionals by focusing on innovative solutions, unique features, functionality, community enhancement, resource stewardship, and the educational value of the project.

Multiple 20 x 30 boards can be submitted for large and in-depth projects. Multiple projects are also welcome.

Basic Guidelines

- ❑ Entries must include payment, the entry form, and a completed survey questionnaire.
- ❑ Submissions will not be screen for qualification so long as Professional Standards are readily apparent. Each presentation should highlight green attributes and discuss the project's Environmental Health concept.
- ❑ Theoretical or unbuilt projects that convey important information about the future of Healing Environments and Environmental Health are happily accepted! This includes Student/ College faculty projects.
- ❑ Each board should contain a mixture of images (including functional diagrams, spatial solutions, sketches, drawings, photographs) and a health narrative with explanatory text, data, lessons learned, anticipated outcomes, and so on.
- ❑ Use illustrations, diagrams, charts, a/or photographs to support the text. Focus all text and graphics toward the significance of the project from an ecologically sustainable perspective.
- ❑ Highlight the name of the project, the facility type, and the healthcare organization on the board. You can provide brochures, project team identification, vendor recognition and such separately. A table will be available.

Project Name

EXTRA! EXTRA!

- ❑ **Yes! Please also display our poster(s) at presentations/ Forum screenings.** We'll email our pdfs.
- ❑ **Yes! Please also include our project into the Exhibit Report/ Publication.** We'll email our jpegs.

Email: ca@g5arch.com.

COURTESY HANDLING—

To reduce material waste and shipping/handling costs, please submit your posters unmounted. Use a sturdy mailing tube. Posters will be unrolled, stored flat, group-transported to Seattle, and individually secured on-site to rigid backing material for final display

IMPORTANT DATES—

Entry forms and fees are due March 31, 2006 so that we can ensure the right amount of space and all the necessary display equipment.

Posters are due April 13, 2006.

REGISTER FOR THE MAIN CONFERENCE AT THE SAME TIME!
